CONTAINER ARRIVES!

The container which left here on 14th December has now arrived at Diamond Hill School and has been unpacked. Pictures show unpacking taking place, children enjoying their new classroom learning rug, teachers and children swapping broken furniture for good tables and chairs from the container and the people of the village of Honi with their new chairs and wheelchair.

TECHNOLOGY COMES TO DIAMOND HILL SCHOOL

Greetings to you all in the name of Jesus. A short report concerning getting electronic gadgets for the school. We had a very amazing discussion with teachers and Abraham. We came to a conclusion suggesting televisions screens for display in the class serving a greater good. First of all we will like to thank you so much for making the children and staff happy, knowing that their style of teaching is going to improve.

LIST OF ITEMS PURCHASED- 7 Laptops- 7 tablets- 7 laptop Bags- 4 - 43" Television- 5- 32" Television- 4 Pendrives- 3 mini Speaker- 20 English Learning toy tablets. All the classrooms downstairs and the computer lab will have a television. Teachers will use laptops and pendrives to teach with their remote to control lessons. The upstairs classroom unfortunately will not get that opportunity; there is not light upstairs because their ceiling is not done. Fortunately there will be televisions in the computer lab and the Home Economics / Science lab (a new room we created this term). Before we fix the televisions we are now looking at security system in school. This is account of what have been done with the £3500 sent.

God bless you all. Rosemond

IMPORTANT NOTICE TO SUPPORTERS

Some time ago New Life Ghana decided to raise funds to help Osmond build a Senior High School for children from Fayef International School. Due to subsequent Ghanaian Government school funding policy, this is no longer necessary. We contacted all those we could who had given specifically towards the Senior High School fund and offered them the opportunity for their donation to be used for other purposes. We are aware that we still have a small amount of funds that were given for building the Senior High School and we would like to redirect these funds to other priorities. Would anyone who gave specifically for Senior High School building project and has not already given their consent for this change of use of the funds, please email info@newlifeghana.co.uk to let us know that you are happy for your donation to be redirected. If, however, anyone prefers for their gift to be returned, please email letting us know how much was given and we will ensure your donation is returned. We would be grateful if this could be done by the end of February 2020. If we do not hear from supporters we shall assume that they are happy with the proposal to redirect all remaining Senior High School building funds to other priorities. Thank you
